hamzamian1@gmail.com | (+92) 3456058310

SUMMARY:

Full-Stack Developer with 1+ years of experience in both front-end and back-end development. Proficient in building scalable web applications using Next.js and React. Strong expertise in writing clean, maintainable code, implementing secure authentication, and optimizing database queries. Proven track record of delivering high-quality, user-friendly applications from concept to deployment with an emphasis on UI/UX design.

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript, TypeScript, Tailwind, Mantine, Ant Design, Shadcn

Backend: Next.js API, RESTful APIs, Prisma ORM, PostgreSQL

Tools: Git/GitHub, Stripe, Pusher, Zustand, Resend, Figma, Strapi

PROFESSIONAL EXPERIENCE

Software Engineer - Devsarch | (08/2023 - Present)

- Developed Next.js applications with reusable components, speeding up development through modular design.
- Reduced page load times by 35% with optimized state management (Context API/Zustand) and lazy-loading.
- Integrated Stripe and real-time APIs (e.g., Pusher) to enable seamless payment and chat features.
- Optimized UI responsiveness, cutting re-renders by 20% across dynamic interfaces.

Web Developer Intern - Petsaal Technologies (04/2023 – 07/2023)

- Modernized legacy front-end with HTML5/CSS3, improving accessibility scores by 20%.
- Optimized JavaScript, significantly improving load times for critical user interactions.
- Delivered tasks ahead of schedule, using Agile practices effectively.

PROJECTS

Shewt.io – Real-Time Creator-User Chat Platform (Next.js, Stripe, Pusher)

- Built a chat platform with <1s message latency using Pusher, serving 5,000+ MAUs with NextAuth for secure authentication.
- Integrated Stripe subscriptions, managing \$25k+ monthly recurring revenue at launch.
- Reduced component re-renders by 30% via Zustand state management.
- Automated email workflows using Resend SDK, achieving 95% delivery success.

SSOM (StartupStateOfMind) (Next.js, Strapi, Stripe)

- Developed an e-commerce platform with Next.js SSG for 500+ products improving SEO by 40%.
- Streamlined content management via Strapi CMS, reducing admin workload by 20 hours/month.
- Integrated Printful/Printify APIs for automated order fulfillment and Bunny.net CDN for sub-2s global load times.

EDUCATION

The University of Lahore | Bachelor's in Computer Science
